

# **Instructions for children's birthdays in Klifurhúsið's family room**

## **Organisation**

Children's birthdays take place in the family room in Ármúli 21, so that the birthday child and their friends can enjoy the room all for themselves! The birthday starts with an hour of games and climbing, and then we recommend using the last 30 minutes for food and drinks in the dining room on the second floor. We do not provide food but guardians are welcome to order for example pizza and/or to come themselves with food and drinks.

Rental shoes are included. The instructor will help the guardians choose the right size for the children.

The dining room is on the second floor, above the stairs on the left side of the entrance to the climbing area. It is equipped with glasses, plates and cutlery. Note that there is also a freezer and a fridge in the kitchen opposite the climbing wall, that guardians are welcome to use.

## **Rules**

- Guardians come with their own food and drinks, but cutlery is provided.
- The maximum number of children in the climbing area is 25, but the dining room sits comfortably between 15 and 20 children.
- Please return both the climbing and dining area in the state that you have initially found them.
- Guests are asked to be respectful of the assigned time frame.
